Assembly Concurrent Resolution No. 166—Relative to Recovery Month.

LEGISLATIVE COUNSEL'S DIGEST

ACR 166, as introduced, Beall. Recovery Month.

This measure would recognize September 2012 as Recovery Month in California, in order to raise awareness of the importance of substance use disorders treatment and to help people suffering from substance use disorders and their families to receive treatment.

Fiscal committee: no.

1 WHEREAS, Behavioral health is an essential part of one's health  
2 and overall wellness; and  
3 WHEREAS, Treatment and long-term recovery from substance  
4 use disorders can offer a renewed outlook on life for those who  
5 are addicted and their family members; and  
6 WHEREAS, People who receive treatment for substance use  
7 disorders can lead more productive and fulfilling lives, both  
8 personally and professionally; and  
9 WHEREAS, Real stories of long-term recovery can inspire  
10 others to ask for help and to improve their own lives, the lives of  
11 their families, and their entire communities; and  
12 WHEREAS, People in recovery can achieve healthy lifestyles,  
13 both physically and emotionally, and contribute in positive ways  
14 to their communities; and

1 WHEREAS, We must encourage relatives and friends of people  
2 with mental or substance use disorders, or both, to implement  
3 preventative measures, recognize the signs of a problem, and guide  
4 those in need toward appropriate treatment and recovery support  
5 services; and

6 WHEREAS, Substance use disorders impact approximately 3  
7 million people in California, or approximately 8 percent of the  
8 population; and

9 WHEREAS, The theme of this year's effort, "Join the Voices  
10 for Recovery: Now More Than Ever," recognizes the impact that  
11 real people and real stories have on recovery and celebrates those  
12 who have worked to advance the treatment and recovery landscape;  
13 and

14 WHEREAS, It is critical that we educate community members  
15 throughout California that substance use disorders are treatable,  
16 yet serious, health care problems, and that by treating them like  
17 other chronic diseases, we can improve the quality of life for the  
18 entire community; now, therefore, be it
